THE INDIAN YEAR BOOK
1936-37.

EDITED BY SIR STANLEY REED, K.B.E., LL.D.
AND FRANCIS LOW, J.P.

The Whitaker of the Indian Empire. An authoritative reference book on all Indian matters.

SOME PRESS OPINIONS.

THE INDIAN YEAR BOOK AND WHO'S WHO 1934-35 is a worthy son of a long line of worthy forbears Like most other things that The Times of India Press produce "The Indian Year Book" is good value for money and no library or newspaper office or business house for that matter can afford to be without a book which must rank as the best contemporary general guide to India, her peoples and her affairs Including a comprehensive index the volume consists of some thirteen hundred pages and is priced at seven rupees eight annas, not a very large sum to pay in order to have at your disposal such a large amount of information Sir Stanley Reed is joint editor with Mr Francis Low and this is one of the few outward and visible signs that he still maintains a close touch with his old paper —*Capital* Calcutta

THE INDIAN YEAR BOOK AND WHO'S WHO, 1935-36. (Times of India Press, Bombay, Vol XXII)

In its twenty-second year of issue the 'Indian Year Book" for 1935-36 edited by Sir Stanley Reed and Francis Low has become a most reliable guide to India In its 1,132 pages there is, it may be confidently stated, no detail of important information that has been omitted The fact that the index alone runs into more than 40 pages should convey an idea of the thoroughness with which everything concerning India has been collated analysed and tabulated The value of the book lies in the fullness of the treatment The historical background of every side of Indian life has been treated with a scholarly touch Here one may read the romance of India from ancient times to the present day

An important part of the book is the "Who's Who in India which is followed by a 'Who's Who of Indian princes, chiefs and nobles "—*Times of Ceylon*

THE INDIAN YEAR BOOK (London The Times of India Office, pp 1,354) is a welcome and most useful work Nowhere is there a more complete record of the life of the country, everything is dealt with, from archæology and the history of India to the Boy Scouts' Association and air routes. The compilers even give us the racing results and the winners at the dog shows On the political side the work of the Round Table Conferences is reported and the reforms described The commercial information includes facts about the work of the Indian Tariff Board a fairly full account of the state of each trade, and a full and detailed list of tariffs This will, perhaps, be its most valuable service to many people in England In addition to the ordinary Who's Who there is a specially detailed one of Indian princes and chiefs —*Manchester Guardian*

GUJARAT COLLEGE, AHMEDABAD

In 1846 the Honourable Mr T C Hope (afterwards Sir Theodore Hope) then Educational Inspector for the Northern Division convened a public meeting of the leading citizens of Ahmedabad for the purpose of establishing an Arts College Sir Theodore Hope said that the citizens of Ahmedabad should not rest content with the three schools which they had and added A system of education can neither be efficient nor national unless complete in all its parts If it be impossible to raise the superstructure without first laying the foundation *it is equally useless to lay the foundation and build on it no superstructure* at all He therefore invited the citizens to raise a sum for a College in order to induce Government to supplement it In response to this call a sum of Rs. 4 600 was raised. By the end of 1860 with the accumulation of interest and further donations the sum rose to more than Rs. 2,500 and Government in that year opened a class in the Government High School for teaching Law Logic Applied Mathematics and Drawing This class was called "The Gujarat Provincial College The cost of the College was Rs 430 per mensem only half of which was defrayed by Government There were only three or four professors including the Head Master of the High School who acted as Principal of the new College The College was not affiliated to the University of Bombay which came into being in 1857 Undergraduates therefore had to go to Bombay to read for their degree examinations This was the main cause of paucity of numbers in the new College At the end of the first decade (1861 1871) Government and the Gujarat College Fund Committee finding that the small Class which had existed for this period did not answer the purpose for which the fund was raised closed the institution from 1870 The funds were allowed to accumulate until a favourable opportunity presented itself to carry out the original object of establishing an Arts College Government discontinued their share of contributions during the time the fund remained unspent

In 1878 when Sir Richard Temple was Governor Government announced that a College on a moderate scale could be started at an annual cost of Rs 16 000 provided the citizens of Ahmedabad could contribute half this sum annually The Municipality of Ahmedabad promised to contribute Rs 3 000 per annum to make up the deficiency until the Endowment Fund was raised to Rs 2 00 000 The College was re-opened in March 1879 and was affiliated to the University of Bombay up to the "First Arts Examination which corresponded to our present Intermediate Arts Standard The number of students which had risen to 39 in March 1880 dwindled to 7 only in November 1880 because the College did not teach the full University Course and students found it more profitable to go to Bombay for their full undergraduate course. Leading citizens of Ahmedabad submitted a Memorial to the Educational Commission appointed by the Government of India which visited the city in November 1882. *In the meanwhile the funds of the College through the energy of its citizens* were raised to Rs 2,00 000 Government accordingly undertook the management of the College from 1884 appointed a Staff for that purpose and held the College classes in a separate building In that year the University of Bombay recognised the College up to the B.A. Examination In 1887 Government handed over the institution to the Society for the Promotion of Higher *Education in Gujarat The administration of the College was assigned to a Board* composed of Government Officials and representatives of the Society and the Municipality

In 1893 the College was given 20 acres of land on its present site on the Ellis Bridge area The cost of the new buildings was Rs 1 9° 327 of which Rs 80 027 were contributed by Government. On the 16th of July 191° the Society for the Promotion of Higher Education in Gujarat having dissolved itself the College was finally handed back to Government

To assist Government to assume full and effective control of the College Sir Chinubhai Madhavlal Baronet C.I.E., gave the munificent donation of Rupees two lakhs for the Arts College Rupees six lakhs for the Science Institution in the College The Madhavlal Ranchhodlal Science Institute was *inaugurated in 191° by H L Lord Sydenham (then Sir George Clarke) Sir Chinubhai also donated* Rs *1,50 000 for the provision of a Library* which was

SIR ELLY KADOORIE SCHOOL—Mazagaon, Bombay

Sir Elly Kadoorie School formerly the Israelite School was first opened on a small scale in 1875 for the education of Bene-Israel children The school was subsequently enlarged in 1881, mainly through the efforts of the late Mr Haeem Samuel Kehimkar, who worked for the school for over 25 years in his capacity as Hon President Secretary, and Treasurer In 1898 the present spacious grounds of the School with a building were purchased for Rs 80 000 collected from Government the Anglo-Jewish Association, London, and generous members of the public from Europe and India

In the year 1908 the school passed from the hands of the late Mr Haeem Samuel Kehimkar into those of a Managing Committee, composed of 14 members 3 nominated by the Anglo-Jewish Association London, 10 elected by the members of the School and the Principal Ex-officio In 1923 Sir Elly Kadoorie K.B.E Com Leg Hon. of Shanghai donated a sum of over £10 000 for the extension and remodelling of the building which amount supplemented by local donations, enabled the committee to house the school in the present commodious building In appreciation of Sir Elly Kadoorie's princely gift the school is called after him since 1st April 1932.

The principal object of this school is to impart religious and secular instruction to Bene-Israel students. The school is now being taken advantage of by Hindu students of the locality The school imparts both Primary and Secondary education, preparing students for the Matriculation Examination of the University of Bombay

The fees charged in the school are extremely moderate and Bene-Israel girls are taught free throughout except in the High School Department where they are charged only half fees The Gate of Mercy Synagogue, the oldest synagogue in Bombay, has been helping the school in various ways since 1912.

With a view to enable the children of poor parents to prosecute their studies in the school the late Mr Herman Landau O B E , a philanthropic gentleman of London donated in the year 1919 a sum of Rs. 10 000 The interest on this sum is utilised in giving scholarships every year to the school children. The school also makes arrangements for providing books and clothing and one free meal a day to the children of poor Jewish parents. The expenses on this account are partly met from the interest on Rs 5,000 received from Sir Victor Sassoon through Lady Reading.

CHURCHES OF ENGLAND

ST THOMAS' CATHEDRAL—Bombay

The first scheme for building a Church on the Island of Bombay originated in 1665 the English Services then being conducted in a Hall in the Castle Money was collected but though the Church was commenced it never got higher than fifteen feet In 1715 Chaplain Cobbe appealed to have this stigma removed and on Christmas Day 1718 the Church was opened with great rejoicings. In 1814 Bombay had been made an Archdeaconry of Calcutta and on 7th January 1816 the Church was consecrated with all due solemnity by the Right Rev Thomas Fanshaw Middleton D D In 1837 Bombay was created a Bishopric and 1838 on the arrival of Dr Carr the first Bishop it was notified to be the Cathedral Church of the See 1838 under the dedication of St Thomas the Apostle The present pinnacled tower was erected consisting of a lantern standing upon a square tower at its base the whole rising 146 feet from ground level and containing a clock with three small quarter bells each suitably inscribed Silver Chalices what are of particular interest—one being the gift of Governor Gerald Aungier whilst the other's history is bound up in mystery and is inscribed The gift of the Greenland merchants of the Cities of York 1630 In 1866 68 the present beautiful chancel and organ chamber were constructed the first stone being laid by Sir Bartle Frere

CATHEDRAL ORGAN The old organ was originally built by Messrs Bishop & Sons of Ipswich and had the old rather monotonous sweet tone associated with that class of organ

In 1905 the instrument was entirely rebuilt, this work being carried out by Messrs Henry Willis & Sons of London two members of their Firm spending over a year in Bombay on the work During that rebuilding a full scale wooden 32 ft Diapason stop was added to the pedals and higher wind pressure was introduced to several of the stops

In 1910 a new Discus blower by Messrs Watkins & Watson was installed replacing the old electric motor bellows in the tower About the same time owing to the generous gifts of a member of the congregation three new stops were procured from Messrs Willis & Sons of London to replace the worn out ones The stops were Trompette Aoeline and the Voix Celeste To accommodate the new Trompette a new sound board with swell box was fitted by Messrs S Rose & Co of Bombay and in order to relieve the crowded conditions of the old swell the Vox Humana was placed in this swell box with the Trompette

In 1918 the instrument was entirely renovated by Messrs S Rose & Co when the old style pedal action and drawstop actions were replaced by more up to-date pneumatic systems Several of the pedal stops were supplied with completely new sound boards

The organ has three manuals and a large pedal organ There are 40 speaking tops 10 couplers and 13 composition pedals The Choir Organ of 15 stops is divided seven old stops being behind the great organ and 8 mostly solo stops being in a separate swell box on a high platform above the swell

The instrument has a beautiful tone and exactly suits the old Cathedral

THEOSOPHICAL SOCIETY

THE BLAVATSKY LODGE, Bombay.

THE *THEOSOPHICAL SOCIETY was formed in New York by Mme H P Blavatsky and* Col H S Olcott on 1 th November 1875 and incorporated in Madras on 3rd April 1905 (having its Headquarters at Adyar Madras) Col H S Olcott was appointed President of the Society for life and since his death in 1907 Dr Annie Besant had been elected *President* by four septennial elections and held that office upto 20th Sept 1933 the time of her passing at Adyar S The Society has now elected Dr George S Arundale M.A LL.B F.R HIST S D Litt as its President During its existence of 59 years the Society has spread its branches all over the world It has 47 National Sections containing 1 345 Lodges Its membership is about 33 300 of which 4 990 members belong to the Indian Section (having Headquarters in Benares)

The Theosophical Society is an unsectarian body of seekers after Truth striving to serve humanity on spiritual lines, and therefore endeavouring to check materialism and revive religious tendency Its three declared objects are —To form a nucleus of the Universal Brotherhood of Humanity without distinction of race creed sex, caste or colour To encourage the study of comparative religion, philosophy and science To investigate the unexplained laws of nature and the powers latent in man

The Theosophical Society is composed of students, belonging to any religion in the world or to none who are united by their approval of the above objects by their wish to remove religious antagonisms and to draw together men of goodwill, whatsoever their religious opinions, and by their desire to study religious truths and share the results of their studies with others. Their bond of union is not the profession of a common belief but a common search and aspiration for Truth. They hold that Truth should be sought by study, by reflection by purity of life by devotion to high ideals and they regard Truth as a prize to be striven for not as a dogma to be imposed by authority They consider that belief should be the result of individual study or institution, and not its antecedent, and should rest on knowledge not on assertion They extend tolerance to all, even to the intolerant, not as a privilege they bestow but as a duty they perform and they seek to remove ignorance not to punish it. They see every religion as an expression of the Divine wisdom and prefer its study to its condemnation and its practice to proselytism Peace is their watchword as Truth is their aim

The Blavatsky Lodge French Bridge Chowpatty Bombay was founded on 23rd April 1879 and obtained its charter on 20th February 1880 and incorporated on 9th July 1906 was the first branch of the Society to be established in India It has its own spacious building a good library and a book-depot F J Ginwala M A LL.B Solicitor is its President and Bhugvandas Vithaldas its Hon Secretary The Lodge has about 200 members There are eight other branches of the Society in Bombay and Suburbs Application Forms to join the Theosophical Society can be had from the Hon Secretary

KING GEORGE V ANTI TUBERCULOSIS LEAGUE—Bombay

The whole of the League including two dispensaries and one Sanitorium has been taken over by the Bombay Municipality

PATRON—H I M the King Emperor

Soon after the Coronation Durbar and the visit to India of Their Imperial Majesties the King Emperor and Queen Empress, various projects were discussed to commemorate these events in an appropriate memorial. The late Sir Ratan Tata suggested organising a campaign against tuberculosis. With this view he offered to contribute the munificent sum of Rs 1 50 000 under certain conditions and spread over a period of ten years

A public meeting of the citizens of Bombay was held at the Town Hall on 3rd April 1912 H E the Governor presiding where at the League called King George V Anti Tuberculosis League was inaugurated, as a fitting memento of the Coronation Durbar and the Royal Visit as also of His Majesty's deep abiding and sympathetic interest for the welfare of His Indian subjects A representative general committee was appointed for the purpose and from it a small executive committee was nominated with the late Dr John A Turner and Khan Bahadur Dr N H Choksy as Joint Honorary Secretaries

Head Office Dispensary and Information Bureau Sanitary Institute Building Princes Street

Turner Dispensary Tuberculosis Officer—Dr B S Kanga M D D P H.

Sister in-charge—Miss A Vieyra

Municipal Anti Tuberculosis Foras Road Dispensary Tuberculosis Officer—Dr F Concessio

Nurse—Miss M. Rajapurkar

The Executive Committee applied itself firstly to collect funds for the League and secondly to make an early beginning in practical work by establishing a Central Tubercolosis Dispensary and Information Bureau. The Government of Bombay and the Municipal Corporation of Bombay on being approached for assistance, granted to the League an annual donation of Rs 10 000 each per year and subsequently increased to Rs 15 000 and Rs 20 000 respectively The conditions under which Sir Ratan Tata's offer was made were determined to this effect —That the amount of his contribution for the first year was to be Rs 15 000 and the same amount during each of the nine years following provided the total funds of the League inclusive of the Government and Municipal contributions would aggregate Rs 1 30 000 and on failing that a sum equal to 10 per cent of the yearly contributions but in no case was his total yearly contribution to be less than Rs 5 000 per year The Executive Committee thankfully accepted the above proposals

The League proposes to restrict its efforts to measures for the prevention of tuberculosis its varied manifestation and with this view it has devised the following plan of campaign (which is subject to modification as required) as best suited to local conditions and most likely to ensure early and adequate results —

1 Notification of Disease
2 Tuberculosis Dispensaries
3 Education of the People
4 Medical Inspection of School Children.
5 Supervision of Milk and Food Supplies
6 Special Fund to relieve distress
7 To arouse public interest in Tuberculosis

A Sanitorium for the treatment of consumptive patients has been opened at Dhalwadi Hill Parel The property of the Sanitorium was acquired from the generous donation of Rs 2 lakhs given by the Western India Turf Club The Institution was altered and adapted for the purpose and equipped at the total cost of Rs 3 26 620-13-0 The Government of Bombay and the Municipal Corporation of Bombay each contributed Rs 75 000 towards the cost. It was formally opened by Their Excellencies Lord and Lady Willingdon on 7th December 1918
